Hello everyone:

I will be running a week of stroke/start and turn/video analysis clinics on the week of August 10th-13th, 17th-19th, and Sept 2nd and 3rd, so schedule accordingly!

There will be a combination of stroke clinics and video analysis clinics provided. Specific dates are yet to be determined as to what clinics go where, but I will keep you all informed. Price is also yet to be determined, but it will be a set price for the stroke clinics, a set price for the video analysis clinics, and a combination clinic price as well. The video analysis clinics will run almost every day in that range, and the stroke clinics for the larger groups will be determined in the next few weeks. Thanks, and hope to see you guys there!
