

## Schroeder YMCA Swim Team

1. The 2nd Annual WSAC Golf Outing was a total success! Adam has sent a wrap up note to all with the important details and recognitions. It was a great day and lots of fun. Pictures from the event should be posted soon too.
2. Thank you for your patience about putting locks back on the lockers...It's still going to be a while. Matt's been in touch with the group that will do the finish work, but for now, we are still asking for no locks.
3. Entries for WGLO have been sent back to the team for a checkover yesterday. We will be finalizing the entries soon. If you have changes please let your coaches know. We will be racing relays at this meet.
4. Attached is info for the Bird Bath meet along with final entries.
5. A reminder that the pool will be closed from 1:00 PM Saturday until Monday morning. The pool filter needs a bit of servicing and the cleaning means the whole system must be turned off for a period. Also, on July 4th the facility will be closed but we will have normal hours on Monday the 5th.
6. Bailey Nennig, who has recently finished her eligibility racing for the UW-M Panthers has just returned from Lake Placid, NY and the Olympic Training Center. This is a great developing story, but Bailey applied for and got an invitation to try out for the USA Bobsled Team. She's done so well at the week-long camp she's been invited to a higher level track leading to a potential spot on the National Team. Her story and pics are on Facebook. Really amazing!
